Savannah River Site Operations Post Fiscal Year 2018

Welcome and Purpose of Community Day

Wilmari C. Delgado

Environmental Management Consolidated Business Center
Contracting Officer

October 27, 2016

Welcome

- DOE recognizes the importance of engaging community and stakeholders early in the procurement process
- Community Day has been developed as a forum for community, stakeholders and industry to come together, interact and provide early feedback to DOE
- Community Day was created in part as a response to feedback received by EM during some of our recent acquisitions

Purpose of Community Day

- Provide interested parties a better understanding of the scope areas
- Encourage community and stakeholders feedback to aid the Department in developing resultant Acquisition Plan
- EMCBC and SRS will be responsible for conducting resulting procurement from these Market Research/ Acquisition Planning Activities

Current SRS Management & Operations Contract

- Contractor: Savannah River Nuclear Solutions, LLC (SRNS)
- Approximate Contract Value including options: \$9.4B
- Contract Type: Management and Operating (M&O), Budget Based, Cost Reimbursement
- Contract Term: Base Period of 5 years 8/1/2008 to 7/31/2013; Options Period: 8/1/2013 up to 7/31/2018
- Link to contract website for scope details:
http://srcontracts.srs.gov/srns_index.html

- 10/25-26/16 – One-on-One Meetings to be held with registered parties
- 10/27/16 – Community Day
- 11/4/16 – Capability Statements due
- 2nd quarter of Gov't FY17 (anticipated) – Acquisition Plan Approval
- 3rd quarter of Gov't FY17 (anticipated) – Draft RFP Release
- 3rd quarter of Gov't FY17 (anticipated) – Pre-Solicitation Conference, Site Tour, and Additional Industry One-on-One Meetings

SRS Acquisition Vision

- Protect the well-being and safety of our workers
- Advance SRS cleanup through innovative approaches
- Achieve regulatory commitments
- Consider all applicable contracting & procurement strategies.
- Enhance workforce skills to meet future cleanup challenges
- Align contract type(s), period of performance, and incentives with effective scope completion.
- Solicitation and proposal alignment between PWS, WBS, and cost proposal to allow for efficient establishment of an initial contractor baseline after award.
- Incentivize operational efficiencies, technology improvements, and new approaches to doing business to meet mission requirements.
- Grow small businesses in the community
- Motivate community commitment with prime contractors for a strong regional economic future

In Closing

- DOE greatly appreciates your interest in the SRS Operations Post Fiscal Year 2018 Project and looks forward community feedback during the acquisition planning phase of the procurement and throughout the pre-award process
- DOE's objective is to be as transparent as possible as we engage with industry and other stakeholders in a collaborative manner to achieve the best contractual outcome for SRS
